

The Goal of Southern Tier Industries (STI)...

*I*s to provide developmentally disabled individuals with a normalized vocational training and placement environment, which will maximize growth through positive work experiences.

STI staff develops individual work plans for each of the more than 236 adults we serve. We know from experience that individual growth and productivity can lead to employment in a least-restrictive environment, even for those with substantial employment challenges.

Enclave Supported Employment

Providing vocational evaluation and job training for persons with disabilities in a supportive community based environment. This program is seen as a stepping stone, teaching necessary skills which enable participants to move on to competitive employment.

Current Enclave sites:

Department of Social Services

Seneca Beverage

Individual Job Placement

Southern Tier Employment Program (STEP)

This program assists individuals with disabilities in preparing, securing, and monitoring jobs in the community. The STEP program recruits, screens, trains, and refers individuals who have a diverse background and abilities to employers. The current employers who have been pleased with this service are:

Sam's Club	Old Country Buffet
Wendy's	ELP Day Care
McDonalds	State Line Beverage
Bethany
