

Do you want to make a difference in someone's life?

Chemung ARC has many volunteer openings available. The people we serve would like to make new friends, attend community activities and have fun with others at a variety of recreational events.

Chemung ARC was begun by parents of people with developmental disabilities. Today, we continue our historic commitment to the people we serve with a variety of services: Family Support Services, Developmental Health Services, Residential Services, Vocational and Employment Services, and Recreational Services.

We remain committed to the philosophy of People-Centered Services and are constantly working to meet the needs of the people we serve in new and better ways.
